INTRODUCTION

Welcome to the future of expo

Exhibition displays have been stuck in the dark ages for a long time. Now, 'next generation' fabric solutions have arrived and can help turn your client's shamefully dull display into an attention stealing stellar showpiece.

Inside, you'll find great display ideas for all types of indoor and outdoor events, festivals, promotions, trade shows and exhibitions.

It doesn't end there. Fabric can also help transform sanitised office environments into stimulating spaces. Take a look at the comfy seating, tables, meeting booths and acoustic screen covers for ideas on how to make the work place a more creative and comfortable place to be.

★ TIP

Visit mqt.sc/1tools to access reseller tools like product images, eshots and demo kits to help you sell more.

FABRIC DISPLAYS

Contains: Fabric covered display stands

Fabric Displays consist of a strong, lightweight frame and a stretchy printed fabric cover.

The aluminium frame features a simple 'click together' mechanism (shown below) and each part is numbered to allow quick, straight forward assembly.

The cover is printed on the front and reverse as standard and fits snugly over the frame. It is washable, and extra covers can be ordered separately.

These fabric displays give a superior presence at exhibitions and trade shows and are also ideal to use as permanent indoor office or studio props.

Section:

BACKDROPS

Contains: Large, eye-catching structures

Backdrops are made up of the same components as fabric displays but offer a much larger display area.

They are perfect for defining an exhibition area or to section off a large room. They use one continuous graphic which means they completely eliminate the problem of visible join lines commonly encountered on the traditional multi-panel exhibition backdrops.

Available single sided with a white reverse or printed on both sides – giving more room for a promotional message and increasing their functionality.

ACCESSORIES

Contains: Optional extras for fabric displays

90° or 180° Connection Kit **£11**

Join multiple straight backdrops together to form L-shape or U-shape displays with the 90° kit, or longer, straight displays with the 180° kit.

Suitable for use with: Chicago, New York and San Francisco only.

12W LED Light **£59**

Supplied with a C-shaped clamp for easy attachment, and a 3m power lead.

Suitable for use with: London, Paris, Tokyo, Berlin, Rome, San Francisco, Chicago, New York, Barcelona (with header), Oslo and all Booths.

Bridge Attachment **£249**

Attach this bridge to any straight backdrop to create a 3-dimensional interactive display stand. Supplied with a TV bracket and two feet.

Suitable for use with: Chicago, New York and San Francisco only.

Section:

BOOTHS

Contains: Multi-purpose enclosures

Brand new in the UK. Make a private meeting space in an office area or divide up open plan rooms with these huge fabric Booths.

Fabric Booths are perfect for exhibitions – just rent a ‘space only’ stand, and use the booth to create an eye-catching one-piece, ready formed stand, printed on all sides.

Using the same construction method as fabric displays and backdrops, these booths can be quickly assembled in exhibition areas or open plan offices.

Choose between the large or small C-shaped booths, medium U-shaped, or the sculptured, sloped booth.

FURNITURE

Contains: Dual purpose, functional products

Transform empty, open plan office areas with bespoke printed fabric furniture. Choose any design theme – forest, beach, jungle – to inspire and entertain those who use the space.

When exhibiting or running a promotion, it's essential to have a flat surface to rest a laptop, paperwork, pens or drinks on. Fabric tables provide that useful platform whilst promoting a brand, product or service at the same time.

The seating cubes and beanbags provide fun, informal seating areas at exhibitions or in communal areas around the office and make great accessories for the fabric booths.

Every inch of the table covers can be printed in full colour, great for branding at an exhibition, trade show or fete.

The table runner is designed to reach just above the floor either side of a 5ft or 6ft trestle table. The tablecloths are designed to reach to the floor at the front and sides of a standard 5ft or 6ft trestle table with a 30cm overhang at the back to allow for access to storage.

Acoustic screen covers can be slipped over free standing room partitions to help reduce background noise.

FABRIC BOXES

Contains: Light, Wall & Floor Boxes

Turn any corridor or communal area into a mini art gallery with beautiful fabric boxes.

All types of fabric boxes feature a metal frame, onto which silicon edged fabric graphics can be attached. The graphic extends right to the edge of the frame – giving a large, uninterrupted, display area.

Wall Boxes attach directly to a wall, and Floor Boxes are free standing.

Lightboxes feature a row of led lights inside the frame which illuminates the image from behind.

Graphics and frames must be ordered separately. Floor Boxes and Lightboxes are both double sided – so two graphics are recommended.

BANNERS

Contains: Simple branding solutions

Whether they are going to be used indoors or outdoors, we have a Banner to suit every environment.

For outdoor displays, choose the Reykjavik Outdoor Banner or the PVC Banner which is available in a range of standard sizes, as well as bespoke sizes.

For indoor displays, opt for one of the Roller Banners with either a 440gsm PVC poster or a 410gsm Greyback poster which prevents light from passing through and minimises curling on the sides.

All our banners substrates are printed using latex inks which gives them a scratch, UV and water resistant finish.

★ TIP

RAW FABRIC & POSTERS

Contains: Custom size fabric and posters

RAW FABRIC

Printed fabric can be used for many different purposes - not just those featured in this brochure. The fabric options below can all be supplied in a 'raw' (unfinished) state.

Printed in full colour and then finished to your specification, use it to create anything from curtains, stage dressings, tablecloths, cushion covers, beanbags, deck chairs, - or something entirely different. Purchase by the square metre.

Our seamstresses will relish the opportunity to turn your fabric idea into a reality. Just ask.

Optional Extras: Hemmed edges, Eyelets, Silicone edging.

DISPLAY FABRIC

210gsm polyester display fabric

STRETCH FABRIC

260gsm stretch material.

FLAG FABRIC

117gsm knitted polyester.

VENT FABRIC

100gsm vent fabric.

TENT FABRIC

285gsm waterproof fabric.

BACKLIT FABRIC

165gsm PU coated polyester.

ACOUSTIC FABRIC

270gsm textured acoustic polyester.

HONEYCOMB FABRIC

300gsm cube textured acoustic polyester.

POSTERS

Choose from a variety of substrates to ensure that your Poster is best suited to it's intended use. The Poster substrates are all printed with latex inks which gives them a scratch, UV, and water resistant finish.

The range now features self-adhesive surface stickers. Use them for striking floor graphics, or temporary wall signage. They're repositionable and ideal for short term use.

Available from A3 size and up, including bespoke sizes where indicated online.

INDOOR POSTER

205gsm coated poster paper.

BACKLIT FILM

275gsm backlit film.

COTTON CANVAS

350gsm premium matt cotton canvas

OPAQUE FILM

410gsm grey back film.

FOAMEX BOARD

150gsm permanent self-adhesive vinyl mounted on to 3mm foamex.

VINYL STICKER

150gsm permanent self-adhesive vinyl.
