WINDOWS

Windows are the first thing visitors see. Our vinyls, posters and clings make them do the talking.

Hang posters in the window. Stick decals on the glass permanently. Cover windows entirely. Add etched-effect shapes to create privacy. Or use cling vinyl. It's super easy to fit (and remove, relocate) as it uses static electricity to 'cling' to the window. No adhesive residue.

Vinyls can stick to the inside or out. White-backed or transparent. Custom sized or cut-to-shape.

HANGING FABRIC

The great thing about fabric is it's durable and washable. And so cost effective to transform walls, or cover up a cordoned-off space.

You don't even need a frame to create a partition. Use a curtain rail and suspend lengths of fabric to make translucent curtains. Flag material is really low cost and has a nice see-through effect. Available in virtually any length in widths of up to 2.9m, perfect for period properties or big windows. Create some privacy from the outside world and use it to hide ugly windows.

- A VATICAN** Private webex booths double as pop-up changing cubicles, if you need to spread people out. Footprint of 1.5 x 1.5m has space for a small desk. Avoid distraction for your call. Just close the curtain.

REIGNITING THE AWARENESS

Help clients get back to work with a bang.

There's a plethora of tools that clients can use to say 'we're open for business' and make it easy for them to be found by the army of people with a new preference for online. Websites, social media, email and mailers should be updated with key messages and relaunch promotions.

Perhaps more importantly, help them shine a light on the steps they've taken to put people first. Perhaps they've launched some online tools to allow customers to do business with them, without even leaving home.

B

A POSTCARDS Ideal for mailing to your clients database to give them an incentive to return. Glossy postcards have biodegradable lamination on the front to make colours pop **250 from £33.05** GPAG4T

C

B FOLDED LEAFLETS Now's the time to drum up interest. How about mailing vouchers for the first 100 customers? Or maybe your customer is inundated and needs to announce their new by-appointment-only policy, with how to book on their website **250 from £39.68** MBCA54T

C STICKERS Don't allow cartons to be inconspicuous. Adorn bland boxes with branded stickers. Choose from popular sizes. They come printed on easy-peel, kiss-cut sheets **700 stickers from £20.81** FFKSC10

D

D MAGNETIC VEHICLE SIGNS A quick and cost-effective way to instantly add a logo or livery to any car, van or truck. Magnetic graphics are ideal for restaurants now offering a take-away delivery service. To remove, simply peel off the side of the vehicle **from £27.55 each** IGMAGA

SELL YOUR BUSINESS

**“Why would I
sell my print,
sign or graphics
business now?”**

“Buy low! Sell high!”

Are you **actually** mad? Sell up now? Surely any fool knows **now is not the time** to sell a business. Everything you’ve worked for, now, when we’re at rock bottom?

It depends who you listen to. We’re either about to enter the biggest economic downturn since the **Great Depression** of the 1930s. Or a recession on a scale not seen since **The Great Frost** of 1709.

Either way, hardly great.

We’re all in for one **helluva** ride.

Maybe you’ve thought about selling your business. Maybe you didn’t get round to it. Maybe you’re kicking yourself. You didn’t exit in the **good ol’ days** of 2019. When all you had to think about was Brexit.

Perhaps you had a buyer in the wings. Perhaps their funding dried up. Perhaps they’re slow pedalling to see what could possibly happen next. Perhaps they’ve taken fright.

What’s plan B?

Wait for the world to return to some sort of normal? Next year? Around 2025 or so? A **decade** from now?

Why would you even consider selling your business now? Your life’s work. At the start of a recession. **For pennies in the dollar.**

Maybe it doesn’t have to be like that.

Marqetspace is part of Grafenia plc and we’re looking for sign and graphic businesses, to roll-into our family. Maybe we’ve found a way that works for us both. A way that means you can see your way through. Secure your future. And write a new chapter in your story.

Because, maybe there’s more we can do **together.**
